

# HORUS

Our latest invention blends distinctive wrap-around geometry with patented RX-Swap™, a user-friendly and fully integrated performance clip system which allows add to swiftly change your spare lenses to easily manage any weather condition. Perfect for multi-prescription or contact lenses wearers, the Horus combines superior eye protection and cutting-edge styling while offering unparalleled fit for uncompromised performance. Loaded with Rudy Project's core platform technologies such as 360° adjustable temples and equalized Grilamid® architecture, the Horus incorporates our new Ergo3Max™, a revolutionary thermoplastic co-injected nosepiece which will ensure stunning comfort, superior safety protection and universal morpho-adjustability.

**Weight** Ounces: 0.99 Grams: 28  
**Eye Size** DBL Temple 58 / 19 / 132

**Clip on Size** diagonal axis 58  
 H 34

### Total comfort System™

Temple tips and nose pads can be adjusted in any direction to ensure maximum comfort and a perfect fit during any use.

Unique Grilamid™ TR 55 LX frame construction provides structural integrity and stability

RP-D-CENTERED™, RP Optics™ lenses provides maximum UV protection and optical clarity.

Optical-quality Polycarbonate UV 400 Protection lenses.

RX-SWAP™, Quick Change™ Interchangeable Lenses System to manage any light condition with ease.

The ERGO3MAX™ incorporates additional nose receptors, specially formulated polymer for a true enhanced comfort and impact absorption.

RX-Swap™ - Quick Change™ Interchangeable lens system
