

WIZAARD

The WIZAARD™ is a full frame performance sunglass with advanced 8-base Grilamid™ architecture to insure maximum protection from the elements and is packed with the same value proposition as its brother Kalyos™. Adjustable nose pads using Ergonose™ II allows wearers to prevent fogging and eyelashes from touching – common problems with competitors' eyewear. The stylish temple side metal emblems and Safety Project hinges give the Wizaard™ a unique technically cool look and allow an elastic strap to be added for endurance sports. The Wizaard™ lenses can be easily changed to manage any light condition with a new, user-friendly system. Need Prescription? No worries. The Wizaard™ uses the ingenious optical clip found in Rudy's best-seller Ekynox SX™. Best of all, the Wizaard™ is easy on your wallet given all the technology it boasts.

Weight Ounces: 0.88 Grams: 24
